

2022-2023 Technology Use Agreement Form

St. Johns Lutheran School, Wykoff, MN

Student Agreement:

I have read, or had explained to me, the Technology Use Policy (see back page) outlined in the St. Johns Lutheran School Family Handbook. I agree to follow the policy while using technology and accessing the internet at St. Johns. I understand that using St. Johns computers and accessing the internet is only for school-related educational purposes. I also understand that the use of these items is a privilege which can be revoked by my teacher/supervisor if I do not follow the acceptable guidelines.

Student name(s): _____

Student signature(s): _____

Date: _____

Parent/Guardian Agreement:

I have read, understand, and agree to abide by the Technology Use Policy (see back page) outlined in the St. Johns Lutheran School Family Handbook. I give my consent for the above student(s) to have access to St. Johns Lutheran School computers and internet. I understand that I accept responsibility for the supervision of the student(s) technology use when it is NOT in a school setting.

Parent/Guardian Name:

Parent/Guardian Signature:

Date: _____

TECHNOLOGY USE POLICY

Computer technology is a gift from God to His people. Like any other gift, it is up to us to use the gift wisely to glorify God and advance His Kingdom. If a student chooses to use the internet resources for finding information that will be of assistance in learning, the result will be continued access to the internet. If a student chooses to access resources that are objectionable, adult-oriented, or restricted, the result will be suspension and/or termination of access privileges and further disciplinary action as warranted.

The school has taken every precaution to ensure that our student access to the internet and its components are safe and appropriate. We use a filtering system to monitor and filter out almost all restricted information. However, we understand that this is by no means 100% efficient. Only student responsibility and respect for privileges can make the use of the internet safe and acceptable.

Our students interact with technology each day at home and in school. We use technology to explore, expand, and enrich all academic areas and concepts. All classrooms feature an interactive whiteboard. A mobile laptop cart is utilized throughout the day. Students are required to sign a technology use agreement each year.
